Series Range

Titanium

Available as a Plug-In Hybrid only
17" Shadow Silver Alloy Wheels
Full LED headlamps with LED Daytime Running Lamps
LED rear lights
Silver roof rails
Rear spoiler
Power heated folding mirrors with puddle lights
Rear privacy glass
Manual Tailgate
Standard suspension
Digital colour 12.3" instrument cluster
Ford SYNC 4 Navigation with B&O premium audio system, with 13" touchscreen, DAB radio, Emergency Assistance, Apple Carplay & Android Auto, 2 x USB & 6 speakers, 5G modem & FordPass Connect
Front & rear parking sensors
Rear view camera
Electronic Automatic Temperature Control (EATC)
Titanium Cloth seat trim with grey stitching
8-Way Manual Adjust Driver's Seat
8-Way Manual Passenger Seat Including Lumbar Support & Height Adjust
2nd row sliding seats
Keyless entry and Ford Power Start button (Keyless start)
Power front and rear windows with global closing
Quickclear heated windscreen
Pre-Collision Assist with Autonomous Emergency Braking
Cruise Control with Speed Limiter
Lane-Keeping Aid with Lane-Departure Warning
Gross Retail Price From: € 45,930.17

ST-Line

Available as a Plug-In Hybrid only
18" Rock Metallic alloy wheels
Full LED headlamps with LED Daytime Running Lamps
LED rear lights
ST-Line body styling kit
Black roof rails
Large rear spoiler
Red brake calipers
Power heated folding mirrors with puddle lights
Rear privacy glass
Manual Tailgate
Sport suspension
Digital colour 12.3" instrument cluster
Ford SYNC 4 Navigation with B&O premium audio system, with 13" touchscreen, DAB radio, Emergency Assistance, Apple Carplay & Android Auto, 2 x USB & 6 speakers, 5G modem & FordPass Connect
Front & rear parking sensors
Rear view camera
Electronic Automatic Temperature Control (EATC)
ST-Line Cloth seat trim with red stitching
8-Way Manual Adjust Driver's Seat
8-Way Manual Passenger Seat Including Lumbar Support & Height Adjust
2nd row sliding seats
Keyless entry and Ford Power Start button (Keyless start)
Power front and rear windows with global closing
Quickclear heated windscreen
Pre-Collision Assist with Autonomous Emergency Braking
Cruise Control with Speed Limiter
Lane-Keeping Aid with Lane-Departure Warning
Gross Retail Price From: € 47,770.91

ST-Line X

Available as a Plug-In Hybrid only
18" Rock Metallic alloy wheels
Full LED headlamps with LED Daytime Running Lamps
LED rear lights
ST-Line body styling kit
Black roof rails
Large rear spoiler
Red brake calipers
Power heated folding mirrors with puddle lights, memory function and camera
Rear privacy glass
Hands-Free Power Tailgate
Pop-Out Door Edge Protectors
Sport suspension
Digital colour 12.3" instrument cluster
Ford SYNC 4 Navigation with B&O premium audio system, with 13" touchscreen, DAB radio, Emergency Assistance, Apple Carplay & Android Auto, 2 x USB & 10 speakers, subwoofer, 5G modem & FordPass Connect
Front & rear parking sensors
360-degree camera
Electronic Automatic Temperature Control (EATC)
Partial premium touch Sensico sports seats with black neosuede Inserts and red stitching
12-Way Ergonomic Power Adjust Driver's Seat with Memory (AGR certified)
12-Way Ergonomic Power Adjust Passenger Seat (AGR certified)
2nd row sliding seats
Keyless entry and Ford Power Start button (Keyless start)
Power front and rear windows with global closing
Quickclear heated windscreen
Pre-Collision Assist with Autonomous Emergency Braking . Evasive Steer Assist and Dynamic Brake Support
Adaptive Cruise Control (with Stop & Go with self-charging and plug-in hybrid powertrains)
BLIS (Blind Spot Information System)
Cross Traffic Alert when reversing with Emergency Brake Assist
Lane-Keeping Aid with Lane-Departure Warning, Lane Centering Assist Included on all self-charging and plug-in hybrid powertrains
Gross Retail Price From: € 51,189.43

ELECTRIC TECHNOLOGY

Which electric engines is right for you?

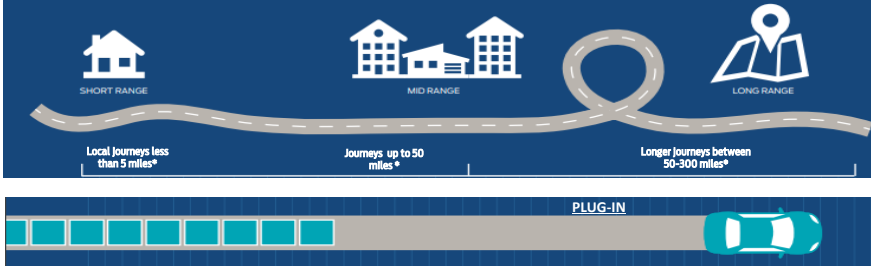

PLUG-IN HYBRID (PHEV)

Plug In. Charge up. Improves Efficiency versus a conventional, mild hybrid or hybrid engine. Plug-in Hybrids have the two sources of power like a hybrid, but with a larger high voltage battery, enabling you to drive longer distances on all-electric power.

Kuga PHEV has a battery size of 14.4 kWh which gives a maximum EV range of 69 km. This results in a combined average fuel economy up to 0.9l per 100km and only 20 g/km CO2**.

Electric range

* Ranges are estimates only and depend on the vehicle, road conditions and driving behaviour.
** Please see the Fuel Consumption and CO2 data available in this Pricelist

Charging the battery

PLUG-IN HYBRID

The larger battery in Plug-in Hybrids can be plugged-in to charge. Once the battery is depleted, the vehicle behaves like a conventional hybrid with the engine running when required.

All four electric vehicle types use regenerative braking to charge the battery. While braking, the motor is still spinning even though the car is trying to slow down.

Regenerative braking captures this typically wasted energy to create electricity, which charges the battery.

Plug in charging options

230V Wall outlet

Plug-in Hybrids and All-Electric vehicles can be charged on a 230V outlet (16A), which is the standard electrical socket in most UK households. This takes approximately 6 hours to charge the battery.

Ford Connected Wall Box Charger

If want to make recharging your Kuga Plug-In Hybrid at home as fast as possible, you'll need to install a wallbox. Simply talk to your Ford Dealer, who will work with our installation partner, Bord Gais. Once installed, you can fully recharge your Kuga from zero to full in 3-3.5 hours.

Public charging stations

Public charging stations, available in many cities and work places. The price and charging capability vary.

¹ Alternative Roof Boxes are available

² Item is non-Ford branded from an approved supplier

For more information about any of the included Ford Accessories, or to view the full range of Ford Accessories visit www.ford-accessories.ie

This price list shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name. Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer.

Fitment of dealer-fit parts and accessories may have an impact on your vehicle's fuel / energy consumption.

Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

FORD PROTECT

Every new Ford Kuga is protected by a 2 year/unlimited Base Warranty. As standard, the Base Warranty is extended to 5 years/ 100,000 km Warranty with a Ford Protect New Vehicle Extended Warranty on retail sales. In addition, it will also come with Ford Assistance for 1 year, providing roadside assistance in Ireland, UK and throughout Europe.

Ford Protect New Vehicle Extended Warranty

If you plan on keeping your vehicle for longer than 5 years or are a high mileage driver you can extend your warranty to 5 year/160,000 km, 5 years/200,000 km, 7 years/100,000 km or 8 year/160,000 km warranty.

Features:

- Cover against the cost of repair or replacement of defective parts, or to repair a material, assembly or manufacturing defect recognised by Ford
- Helps protect against unexpected repair bills
- All repairs will be carried out by Ford Authorised Dealers using genuine Ford parts
- Ford Protect New Vehicle Extended Warranty plans can be purchased any time within 12 months from date of registration

Ford Protect Service Plan

You can also purchase a Ford Protect Service Plan.

Features:

- Scheduled Servicing; covers servicing in accordance with Ford Standard Service Schedules including associated parts and labour, for the number of services applicable to your plan.
- The Ford Protect Service Plan can be purchased any time within 12 months from date of registration or before the first service is due (whichever is the sooner)

Notes and Conditions

The length and mileage of your plan applies from your new vehicle warranty commencement date, usually the date of first registration

Warranty on High Voltage Battery for FHEV, PHEV and HEV - 8 years / 160,000 km. Warranty on High Voltage Components for FHEV, PHEV and HEV - 5 years / 100,000 km.

Time and mileage limits apply to all Ford Protect Plans

Please contact your nearest Ford dealer for information on service intervals

It is a condition of Ford Protect Service Plan that your vehicle is serviced by an Authorised Ford Repairer according to the schedules in your Ford Service Portfolio

In addition your Ford Service History Log must be kept up-to-date

Subject to the terms and conditions of the Ford Protect Plans

These Ford Protect Plans are transferable so it is an added benefit to the new owner if you decide to sell your vehicle

Roadside Assistance is excluded from Ford Protect, however, Service Activated Roadside Assistance is available through your Ford dealer.

Ask your Ford Dealer for full details of the Ford Protect New Vehicle Extended Warranty and Service Plan and their associated Terms and Conditions or alternatively call Ford Protect on +44 3702 416726, Option 2, Option 2, or visit www.ford.ie

FUEL CONSUMPTION

The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption and CO2 figures shown are derived from the new WLTP test.

This will produce more accurate figures which most likely will be greater than those arrived at using the NEDC test. Please be mindful of this in making comparisons between vehicles where some manufacturers may still display the old NEDC figures. It should be noted that vehicle registration tax (VRT) and where applicable motor tax is now based on these WLTP figures from 1st January 2021. Understanding fuel data; The table below shows the fuel consumption (WLTP) and CO2 emissions (WLTP) for each available engine when fitted on a standard specification Kuga (with no options or accessories). Adding options or accessories to your chosen vehicle can impact WLTP fuels consumption and CO2 emissions. Please speak to your Ford Dealer for more information.

You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.ie/configurator. The configurator provides information about your configured vehicle's fuel consumption and CO2 emissions (these are also WLTP test figures).

Engine	Fuel Type	Available On	Euro Emissions	Transmission	Drive	Maximum Power PS (KW)	Torque Nm	Figures)		Charging Times for PHEV battery (hrs)		
								Lowest Performing (L/100km)∅∅	Highest Performing (L/100km)∅∅	DC Fast Charge	Wallbox /High power outlet (400V/32A)	Domestic Socket (230V/16A)
2.5 Duratec 225PS PHEV*	Electric-Petrol	Titanium, ST-Line, ST-Line X	Stage 6.2	CVT Automatic	FWD	243PS (165kW)	-	0.9	0.9	n/a	3:30	6:00

*In 4th gear. ∅Ford test figures.

∅∅ The declared Fuel/Energy Consumptions, CO2-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO2-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO2 emissions and has fully replaced NEDC in 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO2 emissions and electric range. CO2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under www.seai.ie.

PERFORMANCE

Engine	CO ₂ Emissions	Transmission	Maximum Power PS (kW)	Torque Nm	Wheel Size	Max Speed kph	0-100 secs	50-100 secs

VRT Category A (EU Classification M1)

Most cars fit into category A and minibuses carrying no more than 8 passengers and driver. VRT is charged based on the CO₂ emissions of the vehicle when it was manufactured. The VRT rates are as follows:

Nitrogen Oxide (NO_x) Emission Levy

Effective from 1st January 2022	CO ₂ Emissions (g/km)*		VRT Rate €	Minimum VRT €	NO _x (mg/km)*	Amount payable per mg/km (€)
1	0	50	7.00%	280.00	The first 0-40 mg/km	5.00
2	51	80	9.00%	300.00	The next 40 mg/km or part thereof up to 80 mg/km	15.00
3	81	85	9.75%	320.00		
4	86	90	10.50%	340.00	The remainder above 80 mg/km	25.00
5	91	95	11.25%	360.00		
6	96	100	12.00%	380.00		
7	101	105	12.75%	460.00	Diesel Cap	4850.00
8	106	110	13.50%	540.00	Petrol Cap	600.00
9	111	115	15.25%	600.00		
10	116	120	16.00%	680.00		
11	121	125	16.75%	720.00		
12	126	130	17.50%			
13	131	135	19.25%			
14	136	140	20.00%			
15	141	145	21.50%			
16	146	150	25.00%			
17	151	155	27.50%			
18	156	170	30.00%			
19	171	190	35.00%			
20	191	500	41.00%			

NOTE: The NO_x levy will be applied to all VRT category A vehicles (passenger and SUVs). The new charges being introduced will mean an increase in VRT for older imported cars and these charges will be based on a NO_x (Nitrogen Oxide) sliding scale on passenger cars.

This new tax will replace the 1% VRT Levy on diesel cars which was introduced last year and the NO_x tax will apply to all new or imported cars from January 1st, 2020.

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the plan. Henry Ford & Son Limited is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

VAT

VAT is shown calculated at 23%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's Gross Retail Prices (GRP), please contact your Ford dealer for final sale prices.

This price list is effective from **22nd July 2024** and supersedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves its right to change its recommended prices at anytime. Change to government legislation or tax changes could result in a change to Ford's published recommended prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
